Canadian Council on Invasive Species (CCIS)
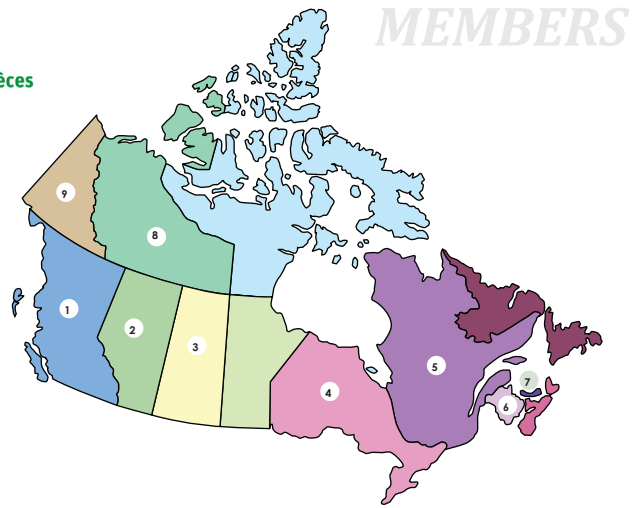

Canadian Council on Invasive Species

Conseil Canadien des Espèces Exotiques Envahissantes

MEMBERS

CCIS works collaboratively across jurisdictional boundaries to reduce the impact of invasive species across Canada.

1. BRITISH COLUMBIA

Invasive Species Council of British Columbia
Ph: 250-305-1003 or 1-888-933-3722
www.bcinvasives.ca • info@bcinvasives.ca

▶ Through province-wide cooperation and coordination, the ISCBC works to minimize the negative ecological, social, and economic impacts caused by invasive species in BC.

2. ALBERTA

Alberta Invasive Species Council
Ph: 403-850-5977
www.abinvasives.ca • ed@abinvasives.ca

▶ The AISC fosters awareness and understanding of invasive species and encourages action to help detect, prevent, and manage invasive species. It fosters and facilitate partnerships and dialogue between organizations and stakeholders, and serves as a source of credible information and resources on invasive plants in Alberta.

3. SASKATCHEWAN

Saskatchewan Invasive Species Council
Ph: 306-668-3940
www.saskinvasives.ca • info@npss.sk.ca

▶ The Saskatchewan Invasive Species Council enables collaboration and works in partnership to guard Saskatchewan against invasive alien invaders by providing leadership, knowledge, and expertise as well as a forum to engage, enable, and empower citizens to take action on invasive species issues.

4. ONTARIO

Ontario Invasive Plant Council
Ph: 705-748-6324 ext. 281
www.ontarioinvasiveplants.ca
oipc@ofah.org

▶ The Ontario Invasive Plant Council is a non-profit, multi-agency organization that facilitates a coordinated response to the threat of invasive plants by providing leadership, expertise, and a forum to educate, motivate, and empower organizations and citizens in Ontario.

5. QUEBEC

Québec Invasive Species Council
Ph: 418 521-3907 Ext. 4417
CQEEES@gmail.com

▶ The Québec Invasive Species Council (QISC) is a nonprofit organization that raises awareness and understanding of invasive species. The QICS supports IS early detection, prevention and management initiatives. The Council promotes networking and coordination of many organizations involved in IAS issues and biodiversity protection.

6. NEW BRUNSWICK

New Brunswick Invasive Species Council
Ph: 506-450-6010
www.nbisc.ca • nb.invasive@gmail.com

▶ The New Brunswick Invasive Species Council vision is to work together to ensure New Brunswick's environment, economy, and social interests are protected through the prevention, early detection, and education and awareness of invasive alien species through management practices in order to control and eradicate further spread of invasive alien species.

7. PRINCE EDWARD ISLAND

Prince Edward Island Invasive Species Council
Ph: 902-892-7513
www.peiinvasives.ca
peiinvasives@gmail.com

▶ The Prince Edward Island Invasive Species Council, a non-government, not-for-profit organization, is dedicated to protection and management of natural areas on Prince Edward Island.

8. NORTHWEST TERRITORIES

Government of the Northwest Territories
Ph: 867-920-6327
www.gov.nt.ca
suzanne_carriere@gov.nt.ca

▶ The Department of Environment and Natural Resources promotes and supports the management and sustainable use of renewable resources, the protection and conservation of the environment and wildlife, including the management of invasive alien species, for the social and economic benefit of all present and future residents of the Northwest Territories.

9. YUKON

Yukon Invasive Species Council
Ph: 867-393-3394
www.yukoninvasives.com
info@yukoninvasives.com

▶ The Yukon Invasive Species Council is a non-profit organisation that deals with invasive species in the Yukon. Committee members come from different governments, industry, and the public. Together they are working to address the threats posed by invasive species through prevention, early detection and rapid response (EDRR), control and management, research and education.
