

Table 10. New Brunswick: Highest priority important invasive horticultural plants

*New Brunswick does not have a formal program at this time. The following list was taken from a provincial list of the most invasive plants in NB, and includes only those plants recognized as important horticultural invasive species in other jurisdictions. For more information on invasive species of interest in this region, please contact CCIS.

Species name (synonyms)	Common names	Also unwanted in:	Regulations
<i>Butomus umbellatus</i>	Flowering Rush; Grassy Rush; Water Gladiolus, Butome à ombelle	British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, Quebec and PEI	Provincially in B.C., Alberta and Saskatchewan
