Sault College, Bugwood.org

Dog Strangling-Vine threatens the monarch butterfly, take action to prevent spreading it.

- **REMOVE** plants, insects & mud from boots, gear and pets.
- **CHECK** your tires on bikes and ATVs and remove any plant parts before moving to a new area.
- **CLEAN** your gear before entering & leaving the recreation site.
- **STAY** on designated roads & trails.
- **LEARN** to identify common invasive species and **REPORT** them!

**STOP INVASIVE SPECIES
IN YOUR TRACKS.**
