

PROTECT CANADA'S WATERS

NATIONAL INVASIVE-WISE MARINA PROGRAM

PREVENT THE SPREAD OF THESE INVASIVE SPECIES

ONCE YOU LEAVE THE WATER...

CLEAN
Inspect and clean plants, animals and mud from watercraft, trailer and gear.

DRAIN
Drain all water from your watercraft, trailer and gear (e.g. buckets, well, bilge, ballast etc.).

DRY
Dry all parts of your watercraft, trailer and gear completely between trips.

Note: Provinces and territories have varying regulations and requirements when it comes to requirements for cleaning, draining and drying to stop aquatic invasive species. Learn more about your own province's or territories rules and regulations under "Other Clean Drain Dry Programs across Canada" at CleanDrainDry.ca.
